

Cruising Hogsmeade in my 6-4
Castin' some spells flossing wit Cho
Went to Hog's Head to get the scoop
Wizards in there cold spendin' some loot
A car pulls up who can it be
A fresh flyin' ride strolled, The Weasleys
They roll down the windows and they started to say
It's all about making that GTA

[Chorus]

Cause the boys in Warts are always hard
You come casting that trash we'll pull your card
Knowing nothing in life but to be legit
Don't jinx/hex me boy, cause I ain't said shit

[Eazy-E]

Longbottom's in the place to give me that notion
He said Crabe and Goyle trippin' hard off some good 'luck' potion
Crabe and Goyle were a friends of mine
Till I caught them in the car trying to Accio the Alpine
Chased them up the street say they should surrender
The silly berks pulled out some wands from Olivander's
Little did they know my wand's a loaded 12 gauge
One sucker dead, Daily Prophet first page

[Chorus]

Cause the boys in Warts are always hard
You come casting that trash we'll pull your card
Knowing nothing in life but to be legit
Don't jinx/hex me boy, cause I ain't said shit

[Eazy-E]

Bored as hell and I wanna get ill
So I went to a place where my homewizards chill
Wizards out there, making them galleons
I pulled up on my 6-4 Nimbus
They greet me with butterbeer and I started drinking
And from the Gillyweed my breath start stinking
Left to get Cho, to rock that body
Before I left I hit the Firewhisky

Went to her dorm to get her out of the pad
Stubborn Cho says something that made me mad
She said somethin that I couldn't believe
Can't believe this witch still hung up on Diggory
She started talkin smack, wouldn't you know?
Remembered Ginny loved me too so I straight up left Cho
Professor Flitwick jumped out and he started to shout
So I threw a right-stunner cold knocked him out

[Chorus]

Cause the boys in **Warts** are always hard
You come **casting** that trash we'll pull your card
Knowing nothing in life but to be legit
Don't **jinx/hex** me boy, cause I ain't said shit

[Eazy-E]

I'm **flyin fast** now I'm under control
Then wrapped my 6-4 'round a **Quidditch** poll
I looked at my broom and I said, "Oh brother
I throw it in the gutter and go buy another"
Walkin home I see the **Weasleys** ride
Now **Ron** is drivin **Hermione** on the side
As they busted a U, they got pulled over
An undercover **Dementor in a dark black robe**
Ron got beaten for resistin a **Kiss**
He socked the **Dementor** in the head for rippin his **threads**
Now **Hermione** is caught for doin the crime
First offence on the girl, **won't be doin' no** time

[Chorus]

Cause the boys in **Warts** are always hard
You come **casting** that trash we'll pull your card
Knowing nothing in life but to be legit
Don't **jinx/hex** me boy, cause I ain't said shit

[Eazy-E]

Went to Azkaban to get them out but there was no bail
The **homies** start to riot in the **Wizarding** jail
Two days later in **Wizengamot** court
Hermione on trial cold cut a fart
Disruption of a court, said the judge
On a **six-month expulsion** my man didn't budge
Bailiff came over to turn **her** in
Hermione looked up and gave a grin
She yelled out "FIRE!" then came **Suzie** (**Suzie Toase is a character from the film
adaptation. Original from song is spelled "Suzy"**)
The **witch** came in with a sub-machine Uzi
Police shot the **witch** but didn't hurt her
Both **in Azkaban** for attempted murder

[Chorus]

Cause the boys in **Warts** are always hard
You come **casting** that trash we'll pull your card
Knowing nothing in life but to be legit
Don't **jinx/hex** me boy, cause I ain't said shit
